Most of us older people cannot understand why the millennial generation seem so displaced and ungrateful. Well here is a young lady that has opened our eyes and understanding

### WHY THE YOUNG PEOPLE TODAY ARE THE WAY THEY ARE

Written by Alyssa Ahigren a young lady in her 20 s

The answer is this; my generation has only seen prosperity. We have no contrast. We didn't live in the great depression, or live through two world wars, the Korean War, The Vietnam War or see the rise and fall of socialism and communism. We don't know what its like to live without the internet, without cars, without smartphones. We don't have a lack of prosperity problem. We have an entitlement problem, an ungratefulness problem, and it's spreading like a plague."

Thank you Alyssa
